

Dear Parents/Carers,

You may have noticed a new section in the centre of your child's communication book. We are delighted to introduce our Golden Passport, an exciting initiative designed to encourage children to embody our Golden Values not only in school, but also at home and within the wider community.

The Golden Passport contains a range of activities that children can complete throughout the year, and each year group has their own passport to complete. The front covers, as well as some of the activities, were designed by the children in one of our recent team challenges. These activities have been carefully chosen to help children demonstrate our values through acts of empathy, responsibility and integrity.

As children complete each activity, they can either write a short reflection about what they have done or add a photograph to showcase their achievement. Once an activity has been completed, it should be signed off by a parent or carer before being returned to school.

Completed passports will be celebrated and children will receive a special golden stamp in recognition of their efforts. We hope this initiative will encourage the children to take pride in living our Golden Values every day and give them opportunities to make a positive difference beyond the school gates.

To make the challenge even more exciting, every child who completes their Golden Passport will be entered into a prize draw at the end of the academic year, with the chance to win a special prize.

We are looking forward to seeing the wonderful ways our children demonstrate our Golden Values in the months ahead.

Yours sincerely,

Mrs C. London

Vice Principal
