

15th October 2026

Dear Parents and Carers,

Now that the children have received their Showbie login details, we would like to explain how Showbie is used at West Leigh. Showbie is a digital platform that helps teachers share resources and supports children's learning activities in the classroom.

Showbie allows teachers to share documents, photographs and videos with pupils, and enables children to complete, edit and save their work online. It is primarily an in-school learning tool and is used during lessons.

You may receive notifications from Showbie from time to time. In most cases, these notifications relate to work being completed in school, so please do not worry or feel that any action is required at home.

If a task is set for completion at home, it will be clearly labelled as homework on Showbie and will also be referenced in your child's communication book. Weekly spelling lists are also available to view on Showbie.

As your child moves through the school, Showbie becomes an increasingly important tool. In Upper School, children use it to access and submit homework.

Each half term, children are invited to take part in a Showbie Challenge linked to our Inspirational Person. Children can upload their completed challenges to Showbie, and prizes are awarded for participation.

If you would like any support with accessing or using Showbie, we have helpful guides available on the school website.

Thank you for your continued support.

Yours sincerely,

Mrs London

Vice Principal
